Patent Cooperation Treaty (PCT) Information

For information concerning PCT member countries, see the notice appearing in the *Official Gazette* at 1289 O.G. 4, on December 7, 2004.

Either the United States Patent and Trademark Office (USPTO) or the European Patent Office (EPO) may act as the International Searching Authority (ISA) for an international application filed with the United States Receiving Office or the International Bureau (IB) as Receiving Office where at least one of the applicants is either a national or resident of the United States of America. However, the EPO is no longer a competent ISA, within the meaning of PCT Article 16(3), for international applications filed by U.S. residents or nationals on or after 01 March 2002 in the USPTO or IB as Receiving Office, and where the application contains one or more claims directed to the field of business methods. For the definition of what the EPO considers to be precluded subject matter in the field of business methods, applicants should see the "Notice from the President of the European Patent Office," dated 26 November 2001, and which was published as Annex A in the "Notice Concerning EPO Competence to Act as PCT Authority" in the *Official Gazette* at 1255 O.G. 878, on February 19, 2002.

The European Patent Office may act as the International Preliminary Examining Authority (IPEA) for an international application filed in the United States Receiving Office or the International Bureau as Receiving Office where at least one of the applicants is either a national or resident of the United States of America, provided that the European Patent Office acted as the International Searching Authority. However, the EPO is no longer a competent IPEA, within the meaning of PCT Article 32(3), for international applications filed by U.S. residents or nationals in the USPTO or IB as a Receiving Office where the corresponding demand is filed with the EPO on or after 01 March 2002, and where the application contains one or more claims directed to the fields of business methods.

The EPO resumed its competence as an International Searching Authority and International Preliminary Examining Authority, effective January 1, 2004, for international applications filed by nationals or residents of the United States of America where the application contains one or more claims relating to the field of biotechnology. This change was announced in the *Official Gazette* at 1277 O.G. 230, on December 30, 2003.

The EPO resumed its competence as an International Preliminary Examining Authority, effective July 1, 2004, for demands filed by U.S. residents or nationals on or after July 1, 2004, for international applications filed by nationals or residents of the United States of America where the application contains one or more claims relating to the field of telecommunications. This change was announced in the *Official Gazette* at 1277 O.G. 230, on December 30, 2003.

The search fee of the European Patent Office was increased, effective April 1, 2004, and was announced in the *Official Gazette* at 1280 O.G. 868, on March 16, 2004.

International fees were changed, effective on April 1, 2004, due to a change in the exchange rate of the U.S. dollar with regard to the Swiss franc, and were announced in the *Official Gazette* at 1280 O.G. 868 on March 16, 2004.

[Docket No. 2003-P-026]
RIN 0651-AB54

Changes To Implement the Patent Fee Related Provisions of the Consolidated Appropriations Act, 2005

AGENCY: United States Patent and Trademark Office, Commerce.

ACTION: Final rule.

SUMMARY: The Consolidated Appropriations Act, 2005 (Consolidated Appropriations Act), revises patent fees in general, and provides for a search fee and examination fee that are separate from the filing fee, during fiscal years 2005 and 2006. This final rule revises the patent fees set forth in the rules of practice to conform them to the patent fees set forth in the Consolidated Appropriations Act.

DATES: Effective Date: December 8, 2004.

Applicability Date: The changes in this final rule apply to all patents (including patents in reexamination proceedings), whenever granted, and to all patent applications pending on or after December 8, 2004.

FOR FURTHER INFORMATION CONTACT: Robert W. Bahr, Senior Patent Attorney, Office of the Deputy Commissioner for Patent Examination Policy, by telephone at (571) 272-8800, by mail addressed to: Box Comments—Patents, Commissioner for Patents, P.O. Box 1450, Alexandria, VA, 22313-1450, or by facsimile to (571) 273-7735, marked to the attention of Robert W. Bahr.

SUPPLEMENTARY INFORMATION: The Consolidated Appropriations Act (section 801 of Division B) provides that 35 U.S.C. 41(a), (b), and (d) shall be administered in a manner that revises patent application fees (35 U.S.C. 41(a)) and patent maintenance fees (35 U.S.C. 41(b)), and provides for a separate filing fee (35 U.S.C. 41(a)), search fee (35 U.S.C. 41(d)(1)), and examination fee (35 U.S.C. 41(a)(3)) during fiscal years 2005 and 2006. See Pub. L. 108-447, 118 Stat. 2809 (2004). This final rule revises the patent fees set forth in the rules of practice in title 37 of the Code of Federal Regulations (CFR) to conform them to the patent fees set forth in the Consolidated Appropriations Act. The citations to 35 U.S.C. 41 in this final rule are citations to 35 U.S.C. 41 as it is being administered during fiscal years 2005 and 2006 pursuant to the Consolidated Appropriations Act.

The Consolidated Appropriations Act also provides that the provisions of 35 U.S.C. 111(a) for payment of the fee for filing the application apply to the payment of the examination fee (35 U.S.C. 41(a)(3)) and search fee (35 U.S.C. 41(d)(1)) in an application filed under 35 U.S.C. 111(a), and that the provisions of 35 U.S.C. 371(d) for the payment of the national fee apply to the payment of the examination fee (35 U.S.C. 41(a)(3)) and search fee (35 U.S.C. 41(d)(1)) in an international application filed under the Patent Cooperation Treaty (PCT) and entering the national stage under 35 U.S.C. 371. See 35 U.S.C. 41(a)(3) and 41(d)(1)(C). Thus, the examination fee and search fee are due on filing in an application filed under 35 U.S.C. 111(a) or on commencement of the national stage in a PCT international application, but may be paid at a later time if paid within such period and under such conditions (including payment of a surcharge) as may be prescribed by the Director. See H. R. Rep. 108-241, at 16 (2003) (H. R. Rep. 108-241 contains an analysis and discussion of an identical provision in H.R. 1561, 108th Cong. (2004)).

The Consolidated Appropriations Act also provides that the small entity reduction set forth in 35 U.S.C. 41(h)(1) also applies to the search fee provided for in 35 U.S.C. 41(d)(1) (35 U.S.C. 41(h)(1)), and provides that the filing fee charged under 35 U.S.C. 41(a)(1)(A) shall be reduced by 75 percent with respect to its application to any small entity "if the application is filed by electronic means as prescribed by the Director" (35 U.S.C. 41(h)(3)). Since 35 U.S.C. 41(h)(3) applies only to the filing fee charged under 35 U.S.C. 41(a)(1)(A) (the filing fee for a nonprovisional original utility application), the 75 percent fee reduction set forth in 35 U.S.C. 41(h)(3) does not apply to design or plant applications, reissue applications, or provisional applications.

The Consolidated Appropriations Act also provides that the Office may, by regulation, provide for a refund of: (1) Any part of the excess claims fee specified in 35 U.S.C. 41(a)(2) for any claim that is canceled before an examination on the merits has been made of the application under 35 U.S.C. 131; (2) any part of the search fee for any applicant who files a written declaration of express abandonment as prescribed by the Office before an examination has been made of the application under 35 U.S.C. 131; and (3) any part of the search fee for any applicant who provides a search report that meets the conditions prescribed by the Office. This final rule does not contain changes to the rules of practice to implement the provisions for a refund of any part of the excess claims fee specified in 35 U.S.C. 41(a)(2) for any claim that is canceled before an examination on the merits has been made of the application under 35 U.S.C. 131, and any part of the search fee for any applicant who files a written declaration of express abandonment as prescribed by the Office before an examination has been made of the application under 35 U.S.C. 131.

The revised patent fees specified in 35 U.S.C. 41 apply to all patents, whenever granted, and to all applications pending on or filed after December 8, 2004, except as follows: The provisions of 35 U.S.C. 41(a)(1) (filing fee and application size fee), 35 U.S.C. 41(a)(3) (examination fee), and 35 U.S.C. 41(d)(1) (search fee) apply only to applications for patent filed under 35 U.S.C. 111 on or after December 8, 2004, and to international applications entering the national stage under 35 U.S.C. 371 for which the basic national fee specified in 35 U.S.C. 41 was not paid before December 8, 2004. In addition, the provisions of 35 U.S.C. 41(a)(2) (excess claims fee) apply only as to those claims in independent form and those claims (whether independent or dependent) that, after taking into account the claims that have been canceled, are in excess of the number of claims in independent form and claims (whether independent or dependent), respectively, for which the excess claims fee specified in 35 U.S.C. 41 was paid before December 8, 2004.

The applicable fee amount is the fee amount in effect on the day the fee is paid (in full). The day a fee is paid is the date of receipt of the fee payment in the Office under § 1.6, or the date reflected on a proper certificate of mailing or transmission on the fee payment, where such a certificate is authorized under § 1.8. Use of a certificate of mailing or transmission is not authorized for items that are specifically excluded from the provisions of § 1.8: e.g., the filing of a national or international application for a patent. See § 1.8(a)(2). The date of receipt under 37 CFR 1.6 of patent-related correspondence delivered by the "Express Mail Post Office to Addressee" service of the United States Postal Service (USPS) is the date of deposit of the correspondence with the USPS. See §§ 1.6(a)(2) and 1.10(a)(1). The date of deposit with the USPS is shown by the "date-in" on the "Express Mail" mailing label or other official USPS notation. See § 1.10(a)(2).

Discussion of Specific Rules

Title 37 of the Code of Federal Regulations, Parts 1 and 41, are amended as follows:

Section 1.16: Section 1.16 is amended to set forth the application filing, excess claims, search, examination, and application size fees as specified in 35 U.S.C. 41(a) and (d)(1) as amended by the Consolidated Appropriations Act.

Sections 1.16(a) through (e) set forth the basic filing fees under the Consolidated Appropriations Act for applications filed under 35 U.S.C. 111 on or after December 8, 2004: (1) The basic filing fee for an original nonprovisional utility application is $300.00 ($150.00 for a small entity, and $75.00 for a small entity if the application is submitted in compliance with the Office electronic filing system); (2) the basic filing fee for an original design application is $200.00 ($100.00 for a small entity); (3) the basic filing fee for an original nonprovisional plant application is $200.00 ($100.00 for a small entity); (4) the basic filing fee for a provisional application is $200.00 ($100.00 for a small entity); and (5) the basic filing fee for a reissue application is $300.00 ($150.00 for a small entity). See 35 U.S.C. 41(a)(1)(A) through (E).

The Consolidated Appropriations Act (Section 803(b)(1)(B)(i) of Division B) provides that the basic filing fees specified in 35 U.S.C. 41(a)(1) (except for the filing fee specified in 35 U.S.C. 41(a)(1)(D) for a provisional application) apply only to applications filed on or after December 8, 2004. Therefore, § 1.16 also sets forth the basic filing fee for applications filed under 35 U.S.C. 111 before December 8, 2004: (1) The basic filing fee for an original nonprovisional utility application and for a reissue application is $790.00 ($395.00 for a small entity); (2) the basic filing fee for an original design application is $350.00 ($175.00 for a small entity); and (3) the basic filing fee for an original nonprovisional plant application is $550.00 ($275.00 for a small entity). See Revision of Patent Fees for Fiscal Year 2005, 69 FR 52604 (Aug. 27, 2004) (final rule), and Certain Fees to be Adjusted, 1285 Off. Gaz. Pat. Office 185 (Aug. 31, 2004) (notice). These basic filing fees apply to applications filed before December 8, 2004, even if the basic filing fee is not paid until on or after December 8, 2004. The Consolidated Appropriations Act (Section 803(b)(1)(B)(ii) of Division B) also provides that the basic filing fee for a provisional application applies to all provisional applications filed before, on, or after December 8, 2004, in which the filing fee was not paid before December 8, 2004.

Section 1.16(f) sets forth the late filing surcharge for a nonprovisional application, and § 1.16(g) sets forth the late filing surcharge for a provisional application (formerly in §§ 1.16(e) and (l), respectively). See also §§ 1.53(f) and (g), respectively.

Section 1.16(h) sets forth the excess claims fee for each independent claim in excess of three; namely, $200 ($100 for a small entity) for each claim in independent form in excess of three. See 35 U.S.C. 41(a)(2)(A).

Section 1.16(i) sets forth the excess claims fee for each claim (whether dependent or independent) in excess of twenty; namely, $50 ($25 for a small entity) for each claim (whether dependent or independent) in excess of twenty. See 35 U.S.C. 41(a)(2)(B).

The excess claims fees specified in § 1.16 apply to applications filed before December 8, 2004, and to applications pending on or after December 8, 2004. The Consolidated Appropriations Act (Section 803(b)(1)(C) of Division B) provides that the excess claims fees specified in 35 U.S.C. 41(a)(2) shall apply only as to those claims (independent or dependent) that, after taking into account any claims that have been canceled, are in excess of the number of claims for which the excess claims fee specified in 35 U.S.C. 41 was paid before December 8, 2004. Thus, the Office will charge the excess claims fees specified in § 1.16(h) and (i) if an applicant in an application filed before and pending on or after December 8, 2004, adds a claim (independent or total) in excess of the number of claims (independent or total) for which the excess claims fee was previously paid (under the current or a previous fee schedule). Specifically, the excess claims fees specified in § 1.16(h) and (i) apply to any excess claims fee paid on or after December 8, 2004, regardless of the filing date of the application and regardless of the date on which the claim necessitating the excess claims fee payment was added to the application. For example, in an application (non-small entity) that contains six independent claims and thirty total claims for which the excess claims fee specified in § 1.16 was previously paid: (1) No excess claims fee is due if the applicant cancels ten claims, two of which are independent, and adds ten claims, two of which are independent; (2) the excess claims fee for a seventh independent claim ($200.00) is due if the applicant cancels ten claims, two of which are independent, and adds ten claims, three of which are independent; (3) the excess claims fee for a thirty-first claim ($50.00) is due if the applicant cancels ten claims, two of which are independent, and adds eleven claims, two of which are independent; and (4) the excess claims fees for a seventh independent claim ($200.00) and a thirty-first claim ($50.00) are due if the applicant cancels ten claims, two of which are independent, and adds eleven claims, three of which are independent.

The excess claims fees specified in § 1.16(h) and (i) also apply to all reissue applications pending on or after December 8, 2004. Under 35 U.S.C. 41(a)(2) as amended by the Consolidated Appropriations Act, the claims in the original patent are not taken into account in determining the excess claims fee for a reissue application. Under "former" 35 U.S.C. 41, excess claims fees were required in reissue applications for each claim in independent form in excess of the number of independent claims of the original patent, and for each claim (whether independent or dependent) in excess of twenty and also in excess of the number of claims of the original patent. Thus (in addition to excess claims under "former" 35 U.S.C. 41 for which the excess claims fee was not paid before December 8, 2004), the excess claims fees specified in § 1.16(h) and (i) are required for each independent claim in excess of three that is presented in a reissue application on or after December 8, 2004, and for each claim (whether independent or dependent) in excess of twenty that is presented in a reissue application on or after December 8, 2004.

Section 1.16(j) sets forth the fee for an application that contains a multiple dependent claim (formerly in § 1.16(d)). See 35 U.S.C. 41(a)(2)(C).

Sections 1.16(k), (l), (m), and (n) set forth the search fees as provided for in the Consolidated Appropriations Act (Section 803(c)(1) of Division B) for applications filed under 35 U.S.C. 111(a) on or after December 8, 2004. The Consolidated Appropriations Act provides for the following search fees during fiscal years 2005 and 2006: (1) $500.00 for the search of each application for an original patent, except for design, plant, provisional, or international application; (2) $100.00 for the search of each application for an original design patent; (3) $300.00 for the search of each application for an original plant patent; and (4) $500.00 for the search of each application for the reissue of a patent. These search fee amounts supersede the search fee setting provisions of 35 U.S.C. 41(d)(1)(A) and (B) (which authorize the Office to set a cost-recovery based search fee, with a number of limitations), but do not supersede provisions for the payment of search fees in 35 U.S.C. 41(d)(1)(C), the refund authorization provisions in 35 U.S.C. 41(d)(1)(D), and the small entity reduction provisions in 35 U.S.C. 41(h)(1).

Sections 1.16(o), (p), (q), and (r) set forth the examination fees specified in 35 U.S.C. 41(a)(3) for applications filed under 35 U.S.C. 111(a) on or after December 8, 2004: (1) The examination fee for each application for an original patent, except for design, plant, or provisional applications, is $200.00 ($100.00 for a small entity); (2) the examination fee for each application for an original design patent is $130.00 ($65.00 for a small entity); (3) the examination fee for each application for an original plant patent is $160.00 ($80.00 for a small entity); and (4) the examination fee for each application for the reissue of a patent is $600.00 ($300.00 for a small entity).

Section 1.16(s) sets forth the fee for any application (including any provisional applications and any reissue application) filed under 35 U.S.C. 111 on or after December 8, 2004, the specification and drawings of which, excluding any sequence listing or computer program listing filed in an electronic medium as prescribed by the Director (see § 1.52(f)), exceed 100 sheets of paper (the "application size fee"). The application size fee set forth in § 1.16(s) is $250.00 ($125.00 for a small entity) for each additional 50 sheets or fraction thereof. See 35 U.S.C. 41(a)(1)(G).

The provision in 35 U.S.C. 41(a)(1)(G) for the Office to prescribe the paper size equivalent of an application filed in whole or in part in an electronic medium for purposes of the fee specified in 35 U.S.C. 41(a)(1)(G) (§ 1.16(s)) will be implemented in a separate rule making.

In situations in which a payment submitted for the fees due on filing in a nonprovisional application filed under 35 U.S.C. 111(a) is insufficient and the applicant has not specified the fees to which the payment is to be applied, the Office will apply the payment in the following order until the payment is expended: (1st) the basic filing fee (§ 1.16(a), (b), (c), or (e)); (2nd) the application size fee (§ 1.16(s)); (3rd) the late filing surcharge (§ 1.16(f)); (4th) the processing fee for an application filed in a language other than English (§ 1.17(i)); (5th) the search fee (§ 1.16(k), (l), (m), or (n)); (6th) the examination fee (§ 1.16(o), (p), (q), or (r); and (7th) the excess claims fee (§§ 1.16(h), (i), and (j)). In situations in which a payment submitted for the fees due on filing in a provisional application filed under 35 U.S.C. 111(b) is insufficient and the applicant has not specified the fees to which the payment is to be applied, the Office will apply the payment in the following order until the payment is expended: (1st) the basic filing fee (§ 1.16(d)); (2nd) the application size fee (§ 1.16(s)); and (3rd) the late filing surcharge (§ 1.16(g)).

Since the basic filing fee, search fee, and examination fee under the new patent fee structure are often referred to as the "filing fee," the Office will treat a deposit account authorization to charge "the filing fee" as an authorization to charge the applicable fees under 1.16 (the basic filing fee, search fee, examination fee, any excess claims fee, and any application size fee) to the deposit account, and will treat a deposit account authorization to charge "the basic filing fee" as an authorization to charge the applicable basic filing fee, search fee, and examination fee to the deposit account. Any deposit account authorization to charge the filing fee but not the search fee or examination fee must specifically limit the authorization by reference to one or more of paragraphs (a) through (e) of § 1.16.

The filing and processing fees for international applications filed under 35 U.S.C. 363 are covered in §§ 1.445 and 1.482, and the national fees (including search and examination fees) for applications entering the national stage under 35 U.S.C. 371 from international applications are covered in § 1.492.

Section 1.17: Section 1.17 is amended to set forth the application processing fees as specified in 35 U.S.C. 41(a) as amended by the Consolidated Appropriations Act.

Section 1.17(a) sets forth the extension fees for a petition for an extension of time under 35 U.S.C. 41(a)(8) and § 1.136(a): (1) the petition fee for reply within the first month is $120.00 ($60.00 for a small entity); (2) the petition fee for reply within the second month is $450.00 ($225.00 for a small entity); (3) the petition fee for reply within the third month is $1,020.00 ($510.00 for a small entity); (4) the petition fee for reply within the fourth month is $1,590.00 ($795.00 for a small entity); and (5) the petition fee for reply within the fifth month is $2,160.00 ($1,080.00 for a small entity). See 35 U.S.C. 41(a)(8).

Sections 1.17(l) and (m) set forth petition fees for the revival of abandoned applications, the delayed payment of issue fees, or the

delayed response by the patent owner in reexamination proceedings: (1) the fee under the unavoidable standard provided for in § 1.137(a) is $500.00 ($250.00 for a small entity) (§ 1.17(l)); and (2) the fee under the unintentional standard provided for in § 1.137(b) is $1,500.00 ($750 for a small entity) (§ 1.17(m)). See 35 U.S.C. 41(a)(7).

The Consolidated Appropriations Act does not revise the fees for: (1) A request for continued examination under 35 U.S.C. 132(b) and § 1.114; (2) a submission after final rejection under § 1.129(a); or (3) each additional invention to be examined under § 1.129(b). Therefore: (1) the fee for a request for continued examination under 35 U.S.C. 132(b) and § 1.114 remains at $790.00 ($395.00 for a small entity); (2) the fee for a submission after final rejection under § 1.129(a) remains at $790.00 ($395.00 for a small entity); and (3) the fee for each additional invention to be examined under § 1.129(b) remains at $790.00 ($395.00 for a small entity). See Revision of Patent Fees for Fiscal Year 2004, 69 FR at 52604, and Certain Fees to be Adjusted, 1285 Off. Gaz. Pat. Office at 186.

Section 1.18: Section 1.18 is amended to set forth the patent issue fees as specified in 35 U.S.C. 41(a)(4) as amended by the Consolidated Appropriations Act: (1) The fee for issuing an original utility patent or for issuing a reissue patent is $1,400.00 ($700.00 for a small entity); (2) the fee for issuing an original design patent is $800.00 ($400.00 for a small entity); and (3) the fee for issuing an original plant patent is $1,100.00 ($550.00). See 35 U.S.C. 41(a)(4).

Section 1.20: Section 1.20 is amended to provide that excess claims fees as specified in 35 U.S.C. 41(a)(2) as amended by the Consolidated Appropriations Act are applicable to excess claims proposed to be added to a patent by their presentation during a reexamination proceeding. Under "former" 35 U.S.C. 41, excess claims fees were included as part of the "application" filing fee under 35 U.S.C. 41(a)(1), and thus did not apply during reexamination proceedings. The Consolidated Appropriations Act does not include the excess claims as part of the "application" filing fee under 35 U.S.C. 41(a)(1), but separately provides for excess claims fees in 35 U.S.C. 41(a)(2) (as being in addition to the filing fee in 35 U.S.C. 41(a)(1)). 35 U.S.C. 41(a)(2) provides that an excess claims fee is due "on filing or on presentation at any other time" (e.g., during a reexamination proceeding) of an independent claim in excess of three or of a claim (whether independent or dependent) in excess of twenty. See H. R. Rep. 108-241, at 15 ("[t]he excess claims fees required by [35 U.S.C.] 41(a)(2) are due at the time of presentation of the claim for which payment is required (whether on filing or at a later time) in the application or reexamination proceeding").

Section 1.20(c)(3) specifically requires $200 ($100 for a small entity) for each claim in independent form in excess of three that is also in excess of the number of claims in independent form in the patent under reexamination. Section 1.20(c)(4) specifically requires $50 ($25 for a small entity) for each claim (whether dependent or independent) in excess of twenty that is also in excess of the number of claims in the patent under reexamination. A claim that has been disclaimed under 35 U.S.C. 253 and § 1.321(a) as of the date of filing of the request for reexamination is not considered to be a claim in the patent under reexamination for purposes of excess claims fee calculations. Section 1.20(c)(5) provides that if the excess claims fees required by § 1.20(c)(3) and (c)(4) are not paid with the request for reexamination or on later presentation of the claims for which the excess claims fees are due, the fees required by § 1.20(c)(3) and (c)(4) must be paid or the claims canceled by amendment prior to the expiration of the time period set for reply by the Office in any notice of fee deficiency.

The excess claims fees specified in § 1.20(c) apply to all patents, whenever granted, for each independent claim in excess of three and also in excess of the number of independent claims in the patent or for each claim (whether independent or dependent) in excess of twenty and also in excess of the number of claims in the patent that is presented in a reexamination proceeding on or after December 8, 2004 (since no excess claims fee was due under 35 U.S.C. 41 for any claim presented during a reexamination proceeding before December 8, 2004). For example, in a patent (non-small entity) that contains (including as a result of a previous reexamination proceeding) six independent claims and thirty total claims: (1) No excess claims fee is due if the patent owner cancels ten claims, two of which are independent, and adds ten claims, two of which are independent; (2) the excess claims fee for a seventh independent claim ($200.00) is due if the patent owner cancels ten claims, two of which are independent, and adds ten claims, three of which are independent; (3) the excess claims fee for a thirty-first claim ($50.00) is due if the patent owner cancels ten claims, two of which are independent, and adds eleven claims, two of which are independent; and (4) the excess claims fees for a seventh independent claim ($200.00) and a thirty-first claim ($50.00) are due if the patent owner cancels ten claims, two of which are independent, and adds eleven claims, three of which are independent.

Section 1.20(d) sets forth the fee for filing a disclaimer under 35 U.S.C. 253 and § 1.321 in a patent application or patent: $130.00 ($65 for a small entity). See 35 U.S.C. 41(a)(5).

Sections 1.20(e), (f), and (g) are amended to set forth the patent maintenance fees as specified in 35 U.S.C. 41(b) as amended by the Consolidated Appropriations Act: (1) the first maintenance fee due at three years and six months after grant is $900.00 ($450.00 for a small entity); (2) the second maintenance fee due at seven years and six months after grant is $2,300.00 ($1,150.00 for a small entity); and (3) the third maintenance fee due at eleven years and six months after grant is $3,800.00 ($1,900.00 for a small entity). See 35 U.S.C. 41(b).

Section 1.27: Section 1.27(b) is amended to implement the provision of 35 U.S.C. 41(h)(3), which provides that the fee charged under 35 U.S.C. 41(a)(1)(A) shall be reduced by 75 percent with respect to its application to any small entity "if the application is filed by electronic means as prescribed by the Director." See 35 U.S.C. 41(h)(3). Since 35 U.S.C. 41(h)(3) applies only to the filing fee charged under 35 U.S.C. 41(a)(1)(A) (the filing fee for a nonprovisional original utility application under 35 U.S.C. 111(a)), its 75 percent fee reduction does not apply to design or plant applications, reissue applications, or provisional applications. In any event, the Office electronic filing system does not currently provide for design or plant applications, or for international applications filed under the PCT which are entering the national stage under 35 U.S.C. 371.

Section 1.27(b)(1) contains the preexisting provisions of § 1.27(b). Section 1.27(b)(2) provides that submission of an original utility application in compliance with the Office electronic filing system by an applicant who has properly asserted entitlement to small entity status pursuant to § 1.27(c) in the particular original utility application allows the payment of a reduced filing fee pursuant to 35 U.S.C. 41(h)(3) (currently $75.00).

Section 1.27(c) is amended to revise its reference to §§ 1.16 and 1.492 to reflect the corresponding changes to §§ 1.16 and 1.492.

Section 1.33: Section 1.33(c) is amended to re-insert text that was inadvertently deleted in the final rule Changes to Representation of Others Before the United States Patent and Trademark Office, 69 FR 35427 (June 24, 2004).

Section 1.51: Section 1.51(b)(4) is amended to indicate that a complete application under §§ 1.53(b) or 1.53(d) (nonprovisional applications filed under 35 U.S.C. 111(a)) includes the prescribed filing fee, search fee, examination fee, and application size fee. Section 1.51(c)(4) is amended to indicate that a complete application under § 1.53(c) (provisional applications filed under 35 U.S.C. 111(b)) includes the prescribed filing fee and application size fee.

Section 1.52: Section 1.52(f)(1) is added to provide that any sequence listing in an electronic medium in compliance with §§ 1.52(e) and 1.821(c) or (e), and any computer program listing filed in an electronic medium in compliance with §§ 1.52(e) and 1.96, will be excluded when determining the application size fee required by § 1.16(s) or § 1.492(j). See 35 U.S.C. 41(a)(1)(G) (which provides that a sequence listing or a computer program listing is excluded if filed in an electronic medium as prescribed by the Director).

Section 1.52(f)(2) is added to provide that the paper size equivalent of the specification and drawings of an application submitted via the Office electronic filing system will be considered to be the number of sheets of paper present in the specification and drawings of the application when entered into the Office file wrapper (currently in the Office image file wrapper system) after being rendered by the Office electronic filing system for purposes of computing the application size fee required by § 1.16(s). See 35 U.S.C. 41(a)(1)(G) (which provides that the Director shall prescribe the paper size equivalent of an application filed in an electronic medium). Section 1.52(f)(2) further provides that any sequence listing in compliance with § 1.821(c) or (e), and any computer program listing in compliance with § 1.96, submitted via the Office electronic filing system will be excluded when determining the application size fee required by § 1.16(s) if the listing is submitted

in American Standard Code for Information Interchange (ASCII) text as part of an associated file of the application. That is, for applications filed via the Office electronic filing system, a sequence listing or a computer program listing is "filed in an electronic medium as prescribed by the Director" for purposes of 35 U.S.C. 41(a)(1)(G) only if the listing is submitted in ASCII text as part of an associated file of the application. Thus, for example, sequence listings or computer program listings submitted via the Office electronic filing system in Portable Document Format (PDF) as part of the specification or as Tagg(ed) Image File Format (TIFF) drawing files would not be excluded when determining the application size fee required by § 1.16(s) or § 1.492(j).

Section 1.53: Sections 1.53(c), (f) and (g) are amended to revise their references to § 1.16 to reflect the corresponding changes to § 1.16.

Section 1.53(f) is further amended to provide for any application under § 1.53(b), or any continued prosecution application (CPA) under § 1.53(d) (for design applications), that does not also include the search fee and the examination fee. Section 1.53(f) specifically provides that if an application under § 1.53(b) or a CPA under § 1.53(d) does not include the search fee and the examination fee: (1) Applicant will be notified and given a period of time within which to pay the search fee and examination fee to avoid abandonment if applicant has provided a correspondence address (§ 1.33(a)); and (2) applicant has two months from the filing date of the application within which to pay the search fee and examination fee to avoid abandonment if applicant has not provided a correspondence address.

Section 1.53(f) is also amended to include the provisions formerly in § 1.16(m) that if the excess claims fees required by §§ 1.16(h) and (i) and multiple dependent claim fee required by § 1.16(j) are not paid on filing or on later presentation of the claims for which the excess claims or multiple dependent claim fees are due, the fees required by §§ 1.16(h), (i), and (j) must be paid or the claims canceled by amendment prior to the expiration of the time period set for reply by the Office in any notice of fee deficiency in order to avoid abandonment.

Section 1.53(f) is also amended to provide that if the application size fee required by § 1.16(s) (if any) is not paid on filing or on later presentation of the amendment necessitating a fee or additional fee under § 1.16(s), the fee required by § 1.16(s) must be paid prior to the expiration of the time period set for reply by the Office in any notice of fee deficiency in order to avoid abandonment. The submission of an amendment in reply to any Office action or notice which necessitates an application size fee or additional application size fee under § 1.16(s) and which does not also include the requisite application size fee under § 1.16(s) is a reply having an omission under § 1.703(c)(7), which will result in a reduction of any patent term adjustment by the number of days (if any) beginning on the day after the date the reply lacking the requisite application size under § 1.16(s) was filed and ending no earlier than the date that the requisite application size fee under § 1.16(s) was filed. See § 1.703(c)(7).

Section 1.53(g) is also amended to provide that if the application size fee required by § 1.16(s) (if any) is not paid on filing, the fee required by § 1.16(s) must be paid prior to the expiration of the time period set for reply by the Office in any notice of fee deficiency in order to avoid abandonment.

Section 1.69: Section 1.69 is amended to correct typographical errors.

Section 1.75: Section 1.75(c) is amended to revise its reference to § 1.16 to reflect the corresponding changes to § 1.16.

Section 1.78: Section 1.78(a) is amended to revise its reference to § 1.16 to reflect the corresponding changes to § 1.16.

Section 1.84: Section 1.84(y) is amended to correct an errant cross-reference to former § 1.174.

Section 1.111: Section 1.111(a)(2)(i) is amended to correct a typographical error.

Section 1.136: Section 1.136(b) is amended to correct an errant cross-reference to former § 1.645.

Section 1.211: Section 1.211 is amended to revise its reference to § 1.16 to reflect the corresponding changes to § 1.16. Section 1.211 is also amended to provide that the Office may delay publishing any application until it includes any application size fee required by the Office under § 1.16(s) or § 1.492(j).

Section 1.324: Section 1.324(a) is amended to correct an errant cross-reference to former § 1.634.

Section 1.445: Section 1.445(a) is amended to provide that the search fee set forth in § 1.445(a)(2)(i) is applicable only if a corresponding prior United States national application has been filed under 35 U.S.C. 111(a) and the basic filing fee, search fee, and the examination fee have been paid therein.

Section 1.492: Section 1.492 is amended to set forth the basic national, search, and examination fees for an international application entering the national stage under 35 U.S.C. 371.

Section 1.492(a) sets forth the basic national fee for an international application entering the national stage under 35 U.S.C. 371: $300.00 ($150.00 for a small entity). See 35 U.S.C. 41(a)(1)(F).

Section 1.492(b) sets forth the search fees for an international application entering the national stage under 35 U.S.C. 371. The Consolidated Appropriations Act (Section 803(c)(1) of Division B) provides a search fee of $500.00 ($250 for a small entity) for the search of the national stage of each international application during fiscal years 2005 and 2006.

Section 1.492(c) sets forth the examination fee for an international application entering the national stage under 35 U.S.C. 371: $200.00 ($100.00 for a small entity). See 35 U.S.C. 41(a)(3).

The basic national fee, search fee, and examination fee specified in § 1.492(a), (b), and (c) apply only to international applications entering the national stage under 35 U.S.C. 371 for which the basic national fee specified in 35 U.S.C. 41 was not paid before December 8, 2004. Section 1.492 does not also specify the basic national fee for an international application entering the national stage under 35 U.S.C. 371 for which the basic national fee specified in 35 U.S.C. 41 was paid before December 8, 2004, because (by definition) the basic national fee for such an application was paid before the effective date of the Consolidated Appropriations Act and this final rule.

Section 1.492(d) sets forth the excess claims fee for each independent claim in excess of three; namely, $200 ($100 for a small entity) for each claim in independent form in excess of three. See 35 U.S.C. 41(a)(2)(A).

Section 1.492(e) sets forth the excess claims fee for each claim (whether dependent or independent) in excess of twenty; namely, $50 ($25 for a small entity) for each claim (whether dependent or independent) in excess of twenty. See 35 U.S.C. 41(a)(2)(B).

Section 1.492(f) sets forth the fee for an application that contains a multiple dependent claim (formerly in § 1.492(d)). See 35 U.S.C. 41(a)(2)(C).

Section 1.492(g) provides that if the excess claims fees required by § 1.492(d) and (e) and multiple dependent claim fee required by § 1.492(f) are not paid with the basic national fee or on later presentation of the claims for which the excess claims or multiple dependent claim fees are due, the fees required by § 1.492(d), (e), and (f) must be paid or the claims canceled by amendment prior to the expiration of the time period set for reply by the Office in any notice of fee deficiency in order to avoid abandonment.

Section 1.492(h) sets forth the surcharge for filing the oath or declaration later than thirty months from the priority date pursuant to § 1.495(c) (formerly in § 1.492(e)).

Section 1.492(i) sets forth the processing fee for filing an English translation of an international application or of any annexes to an international preliminary examination report later than thirty months after the priority date (§§ 1.495(c) and (e)) (formerly in § 1.492(f)).

Section 1.492(j) sets forth the fee for any international application for which the basic national fee was not paid before December 8, 2004, the specification and drawings of which, excluding any sequence listing or computer program listing filed in an electronic medium as prescribed by the Director (see § 1.52(f)), exceed 100 sheets of paper (the "application size fee"). The application size fee set forth in § 1.492(j) is $250.00 ($125.00 for a small entity) for each additional 50 sheets or fraction thereof. See 35 U.S.C. 41(a)(1)(G).

In situations in which a payment submitted for the fees due in an international application entering the national stage under 35 U.S.C. 371 and § 1.495 is insufficient and the applicant has not specified the fees to which the payment is to be applied, the Office will apply the payment in the following order until the payment is expended: (1st) the basic national fee (§ 1.492(a)); (2nd) the application size fee (§ 1.492(j)); (3rd) the surcharge for filing the oath or declaration later than thirty months from the priority date (§ 1.492(h)); (4th) the processing fee for filing an English translation

later than thirty months after the priority date (§ 1.492(i)); (5th) the search fee (§ 1.492(b)); (6th) the examination fee (§ 1.492(c)); and (7th) the excess claims fee (§§ 1.492(d), (e), and (f)).

Section 1.495: Section 1.495(c) is subdivided into § 1.495(c)(1) through (c)(4). Section 1.495(c)(1) provides that if applicant complies with § 1.495(b) before expiration of thirty months from the priority date, the Office will notify the applicant if he or she has omitted any of: (1) A translation of the international application, as filed, into the English language, if it was originally filed in another language (35 U.S.C. 371(c)(2)); (2) the oath or declaration of the inventor (35 U.S.C. 371(c)(4) and § 1.497), if a declaration of inventorship in compliance with § 1.497 has not been previously submitted in the international application under PCT Rule 4.17(iv) within the time limits provided for in PCT Rule 26ter.1; (3) the search fee set forth in § 1.492(b); (4) the examination fee set forth in § 1.492(c); and (5) any application size fee set forth in § 1.492(j). Section 1.495(c)(2) provides that a notice under § 1.495(c)(1) will set a period of time within which applicant must provide any omitted translation, oath or declaration of the inventor, search fee set forth in § 1.492(b), examination fee set forth in § 1.492(c), and any application size fee set forth in § 1.492(j) in order to prevent abandonment of the application. Section 1.495(c)(3) and (c)(4) contain existing provisions of § 1.495(c).

Section 41.20: Section 41.20(b) sets forth appeal fees: (1) The fee for filing a notice of appeal from the examiner to the Board of Patent Appeals and Interferences is $500.00 ($250.00 for a small entity); (2) the additional fee for filing a brief in support of an appeal is $500.00 ($250.00 for a small entity); and (3) the additional fee for filing a request for an oral hearing before the Board of Patent Appeals and Interferences in an appeal under 35 U.S.C. 134 is $1,000.00 ($500.00 for a small entity). See 35 U.S.C. 41(a)(6).

Rule Making Considerations

Administrative Procedure Act: The changes in this final rule merely revise the rules of practice to conform to the patent fees specified in 35 U.S.C. 41 as amended by the Consolidated Appropriations Act (Pub. L. 108-447). Therefore, these rule changes involve interpretive rules or rules of agency practice and procedure under 5 U.S.C. 553(b)(A). See Bachow Communications Inc. v. FCC, 237 F.3d 683, 690 (D.C. Cir. 2001); Paralyzed Veterans of America v. West, 138 F.3d 1434, 1436 (Fed. Cir. 1998); Komjathy v. National Transportation Safety Board, 832 F.2d 1294, 1296-97 (D.C. Cir. 1987). Accordingly, the changes in this final rule may be adopted without prior notice and opportunity for public comment under 5 U.S.C. 553(b) and (c), or thirty-day advance publication under 5 U.S.C. 553(d) or 35 U.S.C. 41(g).

Regulatory Flexibility Act: As prior notice and an opportunity for public comment are not required pursuant to 5 U.S.C. 553 (or any other law), neither a regulatory flexibility analysis nor a certification under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.) are required. See 5 U.S.C. 603.

Executive Order 13132: This rule making does not contain policies with federalism implications sufficient to warrant preparation of a Federalism Assessment under Executive Order 13132 (Aug. 4, 1999).

Executive Order 12866: This rule making has been determined to be not significant for purposes of Executive Order 12866 (Sept. 30, 1993).

Paperwork Reduction Act: This final rule involves information collection requirements that are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). The collections of information involved in this final rule have been reviewed and previously approved by OMB under the following control numbers: 0651-0016, 0651-0021, 0651-0031, 0651- 0032, and 0651-0033. The Office is not resubmitting information collection packages to OMB for its review and approval because the changes in this final rule do not affect the information collection requirements associated with the information collections under these OMB control numbers.

The title, description and respondent description of each of the information collections are shown below with an estimate of each of the annual reporting burdens. Included in each estimate is the time for reviewing instructions, gathering and maintaining the data needed, and completing and reviewing the collection of information.

OMB Number: 0651-0016.

* * * * *

(b) Establishment of small entity status permits payment of reduced fees.

(1) A small entity, as defined in paragraph (a) of this section, who has properly asserted entitlement to small entity status pursuant to paragraph (c) of this section will be accorded small entity status by the Office in the particular application or patent in which entitlement to small entity status was asserted. Establishment of small entity status allows the payment of certain reduced patent fees pursuant to 35 U.S.C. 41(h)(1).

(2) Submission of an original utility application in compliance with the Office electronic filing system by an applicant who has properly asserted entitlement to small entity status pursuant to paragraph (c) of this section in that application allows the payment of a reduced filing fee pursuant to 35 U.S.C. 41(h)(3).

(ii) The payment of any small entity fee other than those set forth in paragraph (c)(3) of this section (whether in the exact fee amount or not) will not be treated as a written assertion of entitlement to small entity status and will not be sufficient to establish small entity status in an application or a patent.

Amendments and other papers filed in a reexamination proceeding on behalf of the patent owner must be signed by the patent owner, or if there is more than one owner by all the owners, or by an attorney or agent of record in the patent file, or by a registered attorney or agent not of record who acts in a representative capacity under the provisions of § 1.34. Double correspondence with the patent owner or owners and the patent owner's attorney or agent, or with more than one attorney or agent, will not be undertaken. If more than one attorney or agent is of record and a correspondence address has not been specified, correspondence will be held with the last attorney or agent made of record.

(2) Except as otherwise provided in this paragraph, the paper size equivalent of the specification and drawings of an application submitted via the Office electronic filing system will be considered to be the number of sheets of paper present in the specification and drawings of the application when entered into the Office file wrapper after being rendered by the Office electronic filing system for purposes of computing the application size fee required by § 1.16(s). Any sequence listing in compliance with § 1.821(c) or (e), and any computer program listing in compliance with § 1.96, submitted via the Office electronic filing system will be excluded when determining the application size fee required by § 1.16(s) if the listing is submitted in ACSII text as part of an associated file.

* * * * *

(c) * * *

(3) A provisional application filed under paragraph (c) of this section may be converted to a nonprovisional application filed under paragraph (b) of this section and accorded the original filing date of the provisional application. The conversion of a provisional application to a nonprovisional application will not result in either the refund of any fee properly paid in the provisional application or the application of any such fee to the filing fee, or any other fee, for the nonprovisional application. Conversion of a provisional application to a nonprovisional application under this paragraph will result in the term of any patent to issue from the application being measured from at least the filing date of the provisional application for which conversion is requested. Thus, applicants should consider avoiding this adverse patent term impact by filing a nonprovisional application claiming the benefit of the provisional application under 35 U.S.C. 119(e) (rather than converting the provisional application into a nonprovisional application pursuant to this paragraph). A request to convert a provisional application to a nonprovisional application must be accompanied by the fee set forth in § 1.17(i) and an amendment including at least one claim as prescribed by the second paragraph of 35 U.S.C. 112, unless the provisional application under paragraph (c) of this section otherwise contains at least one claim as prescribed by the second paragraph of 35 U.S.C. 112. The nonprovisional application resulting from conversion of a provisional application must also include the filing fee, search fee, and examination fee for a nonprovisional application, an oath or declaration by the applicant pursuant to §§ 1.63, 1.162, or 1.175, and the surcharge required by § 1.16(f) if either the basic filing fee for a nonprovisional application or the oath or declaration was not present on the filing date accorded the resulting nonprovisional application (i.e., the filing date of the original provisional application). A request to convert a provisional application to a nonprovisional application must also be filed prior to the earliest of:

(i) Abandonment of the provisional application filed under paragraph (c) of this section; or

(ii) Expiration of twelve months after the filing date of the provisional application filed under paragraph (c) of this section.

* * * * *

(f) Completion of application subsequent to filing—Nonprovisional (including continued prosecution or reissue) application.

(1) If an application which has been accorded a filing date pursuant to paragraph (b) or (d) of this section does not include the basic filing fee, the search fee, or the examination fee, or if an application which has been accorded a filing date pursuant to paragraph (b) of this section does not include an oath or declaration by the applicant pursuant to §§ 1.63, 1.162 or § 1.175, and applicant has provided a correspondence address (§ 1.33(a)), applicant will be notified and given a period of time within which to pay the basic filing fee, search fee, and examination fee, file an oath or declaration in an application under paragraph (b) of this section, and pay the surcharge if required by § 1.16(f) to avoid abandonment.

(2) If an application which has been accorded a filing date pursuant to paragraph (b) of this section does not include the basic filing fee, the search fee, the examination fee, or an oath or declaration by the applicant pursuant to §§ 1.63, 1.162 or § 1.175, and applicant has not provided a correspondence address (§ 1.33(a)), applicant has two months from the filing date of the application within which to pay the basic filing fee, search fee, and examination fee, file an oath or declaration, and pay the surcharge if required by § 1.16(f) to avoid abandonment.

(3) If the excess claims fees required by §§ 1.16(h) and (i) and multiple dependent claim fee required by § 1.16(j) are not paid on filing or on later presentation of the claims for which the excess claims or multiple dependent claim fees are due, the fees required by §§ 1.16(h), (i), and (j) must be paid or the claims canceled by amendment prior to the expiration of the time period set for reply by the Office in any notice of fee deficiency. If the application size fee required by § 1.16(s) (if any) is not paid on filing or on later presentation of the amendment necessitating a fee or additional fee under § 1.16(s), the fee required by § 1.16(s) must be paid prior to the expiration of the time period set for reply by the Office in any notice of fee deficiency in order to avoid abandonment.

(4) This paragraph applies to continuation or divisional applications under paragraphs (b) or (d) of this section and to continuation-in-part applications under paragraph (b) of this section. See § 1.63(d) concerning the submission of a copy of the oath or declaration from the prior application for a continuation or divisional application under paragraph (b) of this section.

(5) If applicant does not pay one of the basic filing or the processing and retention fees (§ 1.21(l)) during the pendency of the application, the Office may dispose of the application.

(g) Completion of application subsequent to filing—Provisional application.

MAIL TO BE DIRECTED TO THE COMMISSIONER FOR PATENTS

Only the specified type of document should be placed in an envelope addressed to one of these special mail stops. If any documents other than the specified type identified for each special mail stop are addressed to that mail stop, they will be significantly delayed in reaching the appropriate area for which they are intended. Reference Collections of U.S. Patents and Trademarks Available for Public Use in Patent and Trademark Depository Libraries

The following libraries, designated as Patent and Trademark Depository Libraries (PTDLs), receive patent and trademark information for the U.S. Patent and Trademark Office. Many PTDLs have on file patents issued since 1790, trademarks published since 1872, and select collections of foreign patents. All PTDLs receive both the patent and trademark sections of the *Official Gazette of the U.S. Patent and Trademark Office* and numerical sets of patents in a variety of formats. Patent and trademark search systems in the Cassis optical disk series are available at all PTDLs to increase access to that information. It is through the optical disk systems and other depository materials that preliminary patent and trademark searches may be conducted through the numerically arranged collections.

Each PTDL offers reference publications which outline and provide access to the patent and trademark classification systems, as well as other documents and publications which supplement the basic search tools. PTDLs provide technical staff assistance in using all materials.

All information is available for use by the public free of charge. However, there may be charges associated with the use of on-line systems, photocopying and related services.

Since there are variations in the scope of patent and trademark collections among the PTDLs, and their hours of service to the public vary, anyone contemplating use of these collections at a particular library is urged to contact that library in advance about its collections, services, and hours in order to avert possible inconvenience.

Partnership PTDLs provide enhanced and expanded services for which fees are charged. They offer on-line patent text and image searching, on-line trademark searching, and videoconferencing for examiner interviews and workshops. They accept disclosure documents on site, order file wrappers, assignment documents and certified copies for their customers, and host a variety of seminars aimed at specific audiences, including practitioners, paralegals, and independent inventors. Currently, partnerships are located at the Great Lakes Patent and Trademark Center (GLPTC) at the Detroit Public Library in Detroit, Michigan and the Sunnyvale Center for Innovation, Invention and Ideas (SCI^3) at the Sunnyvale Public Library in Sunnyvale, California.

SECTION 2.— INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation "U.S. Cl." appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).
